I stopped by a few months ago to see VWs. My partner and I were very impressed with the Velocity staff and the low prices so we kept the seller's card to contact him when we were ready to buy a new (er) car. When my old car threw a rod into the engine, I called Velocity the next day! I've been all night online searching for cars, and Speed has the best cars at the best prices, bar nobody! Scott, my salesman, has been wonderful throughout my time there. We chatted about his previous positions in car sales, and he told me how much he believes in the Velocity model of customer service, offering quality cars at fair prices, without unnecessary mark-ups. All sellers are paid, so they are not paid commissions for the sale. This relieves the pressure that allows sellers to be honest, genuine, and frees them to make a connection with customers. Finding the car I wanted was the easy part. But my trade was in a bad state. Corey's finance department went bat for me with the lender offering as much as he could to lower my payments. He was straightforward, respectful and kind. I highly recommend speed! I would definitely buy a car from them again! To date my favorite car I own I love my Jeep Grand Cherokee Limited edition! Very sleek appearance and interior design. The complaint that I would have was that the front of the vehicle could use a little more storage space. The ride is very smooth and compared to the previous vehicles I owned. 10 per page 20 per page 30 per page 50 per page 100 per page, title, other fees and incentives are not included in this calculation, which is an estimate only.
